Key Product Risks

- The Policy shall terminate immediately subject to payment of any proceeds due under the Policy, and any premium not already due shall cease to be payable:
 - if the Policy has been discharged, surrendered, expired, lapsed, cancelled or terminated for whatever reason(s);
 - on the death of the Insured from any cause;
 - when the Major Dread Disease Benefit and all Additional Extra Benefits (Including 2 Additional Extra Cancer Benefit, 1 Additional Extra Heart Attack Benefit and 1 Additional Extra Stroke Benefit) or the Terminal Diseases Benefit has been paid;
 - on the Expiry Date of the Policy as specified in the Policy Schedule;
 - on receipt of the Policy Owner's written request for cancellation of the Policy; or
 - on the date next to due date of the Grace Period if the Total Modal Premium is not fully paid.On termination of the Policy, all benefits under all Supplementary Contracts (if any) will also terminate.
- We underwrite the plan and you are subject to our credit risk. If we are unable to satisfy the financial obligations of the policy, you may lose your premium paid and benefits.
- You are subject to exchange rate risks for plans denominated in currencies other than the local currency. Exchange rates fluctuate from time to time. You may suffer a loss of your benefit values and the subsequent premium payments (if any) may be higher than your initial premium payment as a result of exchange rate fluctuations. You should consider the exchange rate risks and decide whether to take such risks.
- Your current planned benefit may not be sufficient to meet your future needs since the future cost of living may become higher than they are today due to inflation. Where the actual rate of inflation is higher than expected, you may receive less in real terms even if we meet all of our contractual obligations.

Exclusions

No Dread Diseases Benefit, Special Diseases Benefit, Early Stage Dread Diseases Benefit or Terminal Diseases Benefit shall be payable if the relevant disease:

- is related to Acquired Immune Deficiency Syndrome (AIDS), AIDS Related Complex (ARC) or infection by Human Immunodeficiency Virus (HIV), except for "Occupationally Acquired HIV" and "AIDS due to blood transfusion" specially stated in the Definition of Dread Disease; or
- arises as a result of suicide, attempted suicide or intentionally self-inflicted injury or disease, whether the Insured is sane or insane; or
- its signs or symptoms or any received medical advice or treatment of which, or any covered surgery the cause or triggering condition of which, in the opinion of the Company first occurred within or prior to the first 90 days from the Policy Commencement Date or the Policy Reinstatement Date of the Policy; whichever is later; or
- is caused directly or indirectly by the taking of drugs (except under the proper direction of a registered Medical Practitioner), the taking of poison or alcohol; or
- is caused directly or indirectly by war or any act of war, declared or undeclared, riots, insurrection or civil commotion; or
- arises from Congenital Conditions; or
- arises as unreasonable failure to seek or follow medical advice; or
- is caused directly or indirectly by atomic explosion, nuclear fission or radioactive gas.

Suicide

If the Insured commits suicide within the first 2 years from the Policy Commencement Date or the Policy Reinstatement Date of the Policy, whichever is later, whether sane or insane, the Death Benefit payable under the Policy shall be limited to a refund of the premiums paid without interest.

* This Plan may serve as standalone plan(s) without bundling with other type(s) of insurance product.
